

School Trips and Experiences

Throughout the year, we host a variety of whole-school events that enrich our community and celebrate learning. These include a festive pantomime, visits from Santa and his reindeer, a live rock concert, Kenya Day, European Day of Languages, author visits, Maths Week, Refugee Week, Rainbow Regulation Week, and Healthy Inside and Out Week.

In addition, the children have the opportunity to meet inspiring authors, collaborate with charities, and engage with Spiritual Leaders. Beyond the planned annual experiences and trips show below, we also embrace spontaneous opportunities that arise during the year, ensuring every child enjoys a dynamic and memorable school experience.
