

KIRF: I can touch count to 3.

What can this look like?

**Concrete**

**Pictorial**

**Abstract**

1, 2, 3

### Key Vocabulary

One, Two, Three, Touch, Count, Number

### Key Questions to ask at home

How many are there?

Can you count the items?

### Activities to Try

Everyday Objects- Gather together 3 objects, ask the child to count them. Show them how to tap each item so they know they have counted it.

Bubble numbers- can your child pop 3 bubbles.

Cup stacking- Can the children stack 3 cups, get the children to count as they are doing it or after they have finished building the tower.
