and the number that is one less.

One more	One less
	
	
	
	

Abstract

The number is **2**

1 less	The same as	1 more
		
		
		

Key Vocabulary

More, less, equal, same, different, bigger, smaller

Activities to Try

1. Whilst out, ask your children to identify a door number. Then ask them what is one more and one less than that number.
2. Take turns with your child and choose a number for them. Ask them to tell you one more and one less than that number.
3. Draw a collection of pictures for your child (5 flowers, 3 hearts etc.). Ask them to draw one more or one less.
4. Build a tower of either blocks, cubes, lego etc. Ask your child to add one more or one less then ask how many do they have now?

Key Questions to ask at home

- What is 1 more than ___?
- What is 2 less than ___?
- Which number comes before ___?
- Which number comes after _____?
