

**KIRF:** I can partition numbers to 5 into 2 groups.

**What can this look like?**

**Concrete**

**Pictorial**

**Abstract**

**Key Vocabulary**

- **Whole** - Whole means all of something. Complete.
- **Part** - A part is a piece or section of a whole.
- **Partition** - Partition means to split up a whole into parts.
- **Part-part-whole model** - A part-part-whole model is a pictorial

**Activities to Try**

- Sharing objects from around the house
- between two people? Can they be shared equally?
- Set the dinner table for two people ensuring each person has the same amount.
- Can you sort odd and even numbers which numbers can be shared equally between two and which numbers can not?

**Key Questions to ask at home**

Can you make two equal groups?  
Are th groups the same or different? How do you know?
