

Dear Parents and Carers,

3rd November 2025

I would like to extend my heartfelt thanks for your continued patience and support as we awaited planning permission for the rebuild of our school. As you may have seen on social media over the past few days, we're thrilled to share that permission was finally granted on Friday.

This marks a significant milestone in a journey that has spanned four years—far longer than any of us anticipated.

We are delighted to have finally overcome a variety of challenges, and we're hopeful that work will begin onsite in the Spring Term.

To the families who have stood by us throughout this process, we are deeply grateful for your unwavering support and know you will share in our joy. We also want to acknowledge the children who will have moved on before the new building is completed. Whilst we are disappointed they won't directly benefit from the new facilities, they remain an important part of our school's story. We hope they'll share in our excitement and we look forward to welcoming them back to visit the new school once it's ready.

The new building presents a wonderful opportunity to modernise our learning environment, offering enhanced spaces and resources for future generations. However, please be assured that

while our surroundings may change, our core ethos and values remain the same. Our dedicated staff remain committed to providing the best possible experiences and education—whether in an old building or a new one.

We'll continue to share updates and details about the rebuild in due course. In the meantime, thank you once again for your trust, patience, and partnership.

Kindest regards,

A handwritten signature in black ink that reads "H. Moore".

Helen Moore
