

KIRF: I can name numbers in order to 10 and compare two numbers by saying which is more and less.

What can this look like?

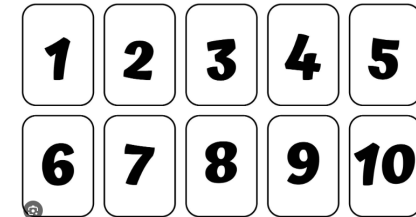

Concrete

Pictorial

Abstract

Key Vocabulary

Count, more, less, equal, count, number

Key Questions to ask at home

- What is 1 more?
- What is 1 less?
- How do you know?
- Can you show me?

Activities to Try

1. Using playing cards can you take it in turns to guess if the next card is going to be more or less than the previous card.
2. Can you write a numerical number and the word for each number?
3. Can you spot numbers out and about and record the number in another way?
4. Using your 1 –10 number cards can you order them from highest to lowest?
5. Using your 1-10 number cards choose two numbers and say which one is more.
