

Task 1: Play it!

Get your dice at the ready, flip this booklet over and challenge someone in your family to be able to recall their number bonds to 10 quicker than you!

Task 2: Design it!

Can you design an item of clothing that can be worn throughout all seasons? Think what properties our clothing needs when it is hot and cold. What about when it rains? Can you create clothing that changes with the weather?

Task 3: Who am I?

My name is King James I.

What information can you find out about me?

Task 4: Change it!

Choose your favourite colour. How many different shades can you make by only adding black and white? What is your favourite shade you have made?

Task 5: Celebrate it!

We will be talking about how Christians celebrate Christmas. What is an important celebration in your house? Is it a birthday? A religious festival? An anniversary. What are your families special traditions?

Task 6: Move it!

In our P.E sessions we will be focusing on balancing, jumping and rolling. Can you create an obstacle course in your house to practise these skills?
